LENTEN SERMON SERIES: “FOUND IN EXILE”

I am excited about the Lenten sermon series we have planned for this year. We will look at passages that speak to the context for the most profound spiritual growth of Jewish history, the Exile. After the nations of Israel and Judah fell, the Jews lived in other lands as minority communities. Without national identity, a king or a temple, they found their identity in the realms of worship, study and ethics. Living as a minority people, often oppressed, they developed a moral vision of justice that is not just for the Jews, but for all people. They envisioned a world in which there is human flourishing marked by dignity, compassion and peace.

We often have experiences of displacement in our lives. We've even shared one such experience in losing things that were normal and taken for granted because of the pandemic. Can the wisdom of the world-reshaping experience of Exile help us understand how sometimes it is when we are displaced that we are found? We pastors think so, and the sermon series we have planned is called, “Found in Exile.”

To help us understand Exile theology, we will draw on the story and the insights of Jesus. The story of Jesus is of God finding us in exile. His insights are of one who speaks of God's people who know that the last shall be first, that the meek will inherit the earth, that outcasts can be God's agents and that we are judged not by

our claiming to be children of Abraham, but in how we witness to the justice, grace and mercy of God.

The series will begin on the Sunday before Lent, February 27, and last till Easter, April 17.

PANDEMIC AND ENDEMIC

More and more it looks like we are moving from surviving, fighting and outlasting a pandemic into living with an endemic. We all would like the COVID strains to disappear as did the polio strain, but that it is not likely to happen. However, we live with ongoing endemics already. Through a process called “antigenic drift,” viruses mutate over the years, usually in a milder direction, and our immune systems get workouts fighting them off.

There are signs that we are moving in that direction. Vaccinations have done a wonderful job and are still the best strategy to avoid becoming seriously ill. The Omicron strain and its “Twin Bs” (BA-1 and BA-2) are proving to be more transmissible, infecting the masked and vaccinated (vaccination greatly reduces the impact). The evidence, though, is that they look to be far less dangerous.

As a church, we have waited longer than some have wished in easing restrictions again. We did so intentionally because we wanted to make promising trends continue. Because this *Second Sheet* article is written two weeks before being published, I'll not list any changes in precautions so those decisions can be made based on current conditions.

Let's continue to be considerate of each other. I will continue to bend toward others to help them feel safe and respected in order to live out the virtue of “forbearance” as articulated in Ephesians 4:2:

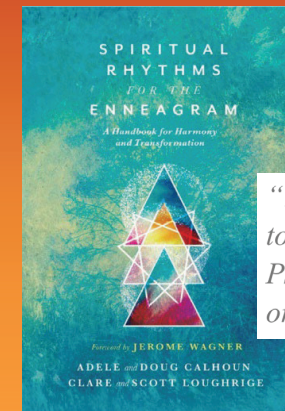

“with all humility and gentleness, with patience, show forbearance for one another in love”.

ANNUAL REPORT

Having just written four paragraphs on the pandemic, I don't think that the pandemic was the biggest story about Second Presbyterian Church this past year. Soon, you will get the printed Annual Report where my lead article will be the story I most want to tell about our church from this past year. Look for that report and give it an especially good read for it will be about how the congregation you love fared, and about the witness it made, in 2021.

KAIROS / LENT 2022

The cyclical rhythm of the church year can be a welcome reminder of the passage of time and God's hand in it. Lent, like Advent, is a time of waiting and preparation. Only, unlike Advent, we're waiting not for Jesus' arrival but for his death and resurrection. Generally, the season is a time of reflection and introspection as we evaluate our lives in the light of who Christ is and what he has called us to be. Many years ago, we named a Lenten practice of evening worship "Kairos." This ancient Greek word describes finding "the right or opportune moment." *Kairos* (καῖρός), has been used over the centuries to describe time for spiritual reflection and even, to put it simply, "God's time."

This spring, the church is offering a "blended" experience for Kairos Lenten worship. We will hold both a few in person opportunities for spiritual practice and worship, and offer a number of virtual reflections online. God's time, really, can be anytime. We pray that this Lenten practice may be welcome time of quiet, reflection, and connection to the Holy in the midst of this changing season.

SAVE THE DATE – AUGUST 19-21, 2022**

At long last, we are hopeful that we can enjoy a safe and joyful intergenerational church retreat in 2022!

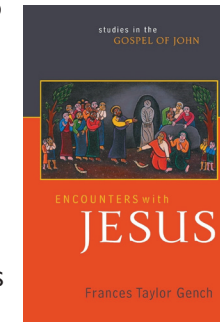

This year, our Getaway will be held at the beautiful Eagle Eyrie conference center, located in the mountains outside of Lynchburg, VA. It is about an hour's drive from our church to Eagle Eyrie. All lodging rooms will be hotel-style, the facilities are handicap accessible, and each meal will offer delicious options for different tastes and needs. The area offers beautiful spots for hiking, swimming, and other outdoor activities. We hope you will join us for this special weekend away together August 19-21 (Friday evening through Sunday morning).

We are also excited to share that our guest speaker will be Dr. Ernie Thompson, pastor of Westminster Presbyterian Church in Greensboro, NC. And, as always, there will be meaningful programs for youth and children, in addition to nursery care for our youngest retreat-goers!

Keep your eyes open for more information soon.

For one Sunday afternoon in Lent, families of younger children are invited to explore the meaning of the sacrament of communion. As baptized members of Christ's Church, children are always welcome at the Lord's Table. This learning opportunity is offered to help children understand more fully what happens when we celebrate communion and why.

We will meet on Sunday March 27 at 3:30 p.m. on the playground, concluding in time for Kids' Fellowship. Please RSVP by March 21 via the church RSVP site: <https://rsvp.church/r/Bm7GRJl3> and indicate whether you will need childcare for any younger children. This site is also linked on the Worship Times page of the church website (<https://www.spres.org/worship/worship-times/>). If you have questions, please contact Meredith Koliba (meredith@spres.org).

WELCOME NEW MEMBERS!

WELCOME AUSTIN EELLS

Please join me in welcoming Austin Eells, who joined our church by Reaffirmation of Faith on Sunday, November 7, 2021.

He is married to lifelong church member, Lauren Eells (Stockburger), and together they have 3 children: 8-year-old twins, Tucker and Wyatt, and 4-year-old, Drew.

Austin grew up in Roanoke and attended St. Elizabeth's Episcopal Church. He is a graduate of Virginia Tech, Pamplin School of Business and works in commercial construction material sales. When he is not on the road for work, he enjoys outdoor adventures with his family (including their beloved 80-pound red lab "puppy," Moose), specifically hiking, mountain biking, trail running, fishing, and boating. You might also find him on the soccer or baseball field...or trick-or-treating on Stanley Avenue...dressed as Teen Wolf (if you're lucky).

Although Austin is a new member, he has always considered Second Pres his home, and he is excited to officially join our community.

Welcome, Austin!

SECOND WELCOMES THE LEWIS FAMILY

Please join me in welcoming Chris and April Lewis, who joined the church by Reaffirmation of Faith on Sunday, November 28, 2021.

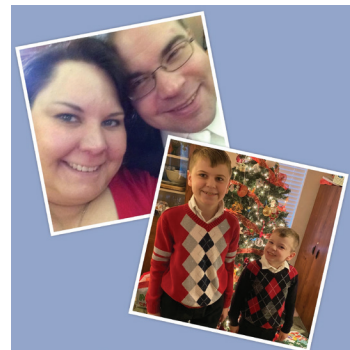

Chris and April are the son and daughter-in-law of church member, Wayne Lewis. Their two children, Jamie (11) and Ben (6), have often attended with their grandfather and have been active in our youth and children's programs.

Chris grew up in Roanoke and studied Journalism at Radford University. He is currently an IT Administrator with Metalsa. In his spare time, Chris enjoys playing video games.

April, a West Virginia native who lived in Baltimore for a time, attended Marshall University and Liberty University, from which she holds degrees in psychology and healthcare administration. She worked as a foster-care casework supervisor before starting a retail business which she runs from home. Her hobbies include reading, writing, history, genealogy, music, and theatre.

Welcome, Lewis Family!

THANK YOU NOTE FROM VALERIE AND BEN

We are beyond blessed by the generosity and love of Second Presbyterian Church shown through the February baby shower! The shower was amazing and a testament to the deep faith and generosity that has rooted this church as a true family. Valerie and I both feel at home here and are so excited to raise Camden in such a supportive and loving community of faith.

AIR FILTRATION NOTICE

You might be interested to know that the Property Committee has investigated air filtration in our facilities to make sure it is adequate. It has done so by consulting our HVAC service provider, by research from professional organizations and from air filtration testing sources. Results of the investigation are:

- Our current HVAC system provides outside air makeup that exceeds code.
- We need to insure proper filters and maintenance for our units. This is ongoing by staff.
- Use as much outside air as possible in classrooms.
- Do not overcrowd spaces.
- Insure air circulation when space is occupied.
- High technology system additions are not needed.
- If crowding cannot be avoided, use HEPA room units as a supplement.

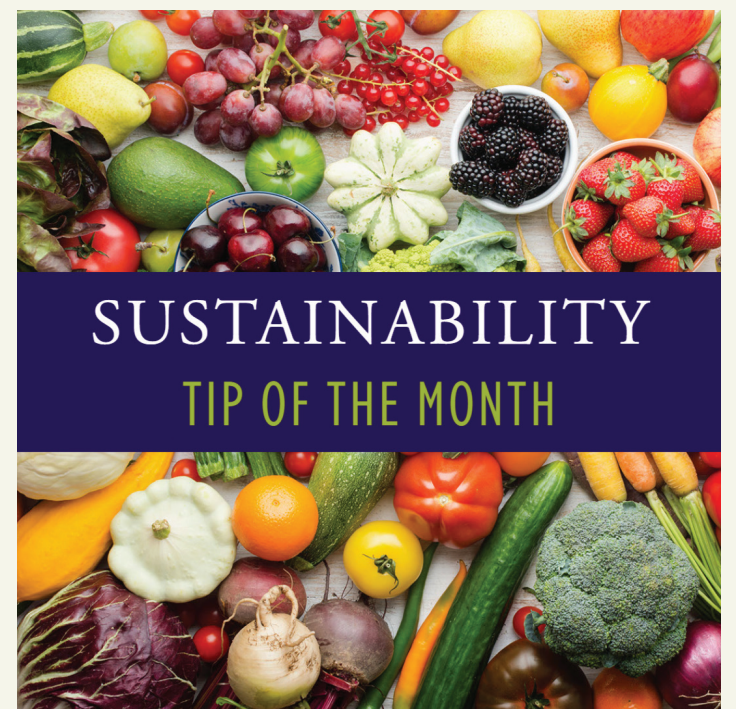

Submitted by the Property Committee.

SUSTAINABILITY TIP OF THE MONTH

The **Season of Lent** traditionally starts on Ash Wednesday and ends on Good Friday. Lasting approximately forty days and modeled on Jesus' time in the desert, it offers an opportunity to reflect on Christ's unconditional love and the miracle of **Easter**. In response, some Christians choose to give up something for Lent to remind them of Jesus' sacrifice. Here's one suggestion: **Meatless Mondays**. Eating a vegetarian diet just one day a week cuts your carbon footprint by 7.5 pounds or 390 pounds of CO2 per year. Not a big sacrifice when you think about it, but a really big deal when it comes to supporting a sustainable future.
